they are to occupy.

At a special meeting of the Beauvoir Club last night a resolution was adopted authorizing the president of the club, J. P. Ferrall, and the Governing Committee to close a deal with H. C. Davidson, representing Mr. Roman, for the transfer of the residence. It is said the purchase price is \$27,500.

In addition to the amount to be paid for the Roman residence, it is understood that the club will expend several thousand dollars in improvements on the property in the way of adapting it for club purposes. The improvements also contemplate the building of a hardsome two-story annex, the second story to be

of the Beauvoir Club have been several weeks looking about the city for a location for a club house. There were members of the club who favored the building of a fine club house in the down-town district. It is said a majority of the members, however, inclined to the idea of securing a fine old residence, remodeling it and adapting it to club purposes. The Roman residence, or the Knox place, as it is better known, is one of the finest homes in Montgomery and the club members looked upon it with great favor. The property has a frontage of about 200 feet on Perry Street, the fashionable thoroughfare of Montgomery, and runs nearly through the block. There is a large lawn shaded with fine old oaks and grass-bordered walks.

The house is of the anter bellum type, having been built about fifty years ago by the late William Knox. It has massive columns and is of imposing appearance. There are about twelve rooms in the house, which is one of the show places of Montgomery, having often been alluded to as the ideal house for an executive mansion.

The residence was purchased about six years

The residence was purchased about six years ago from the Knox estate by Mr. Roman, who is at pretent in the East with his family.

Since the merging of the Joie de Vie Club into the Beauvoir Club the latter organization has about 150 members and the club house on Bibb Street was not adequate for its urposes.

The meeting of the Beauvoir Club was called last night for the purpose of considering a proposition from Mr. Roman to sell the Perry Street residence, and about fifty members of the club were present.

When the matter of a new club house had been discussed a resolution was adopted authorizing the president and Governing Committee to close the deal for the Roman place upon the terms named in the proposition. The suggested improvements to the property were also agreed upon.

After the meeting of the club one of the members said it had been definitely decided to occupy the new club quarters not later than Oct. I, probably earlier. The property will be transferred to the Beauvoir Club just as soon as the details of the transfer are arranged. In the absence of Mr. Roman from Montgomery, there is no information concerning his plans. He will probably build a modern residence.

State Board of Mediation and Arbitration Has Power to Compel the Acceptance of Its Decision in the Matter.

New Haven, Conn., August 7.-A better feeling is apparent in the big trolley strike situation tonight, and the members of the State Board of Mediation and Ar bitration were so satisfied with the out look that they returned to their homes after a conference with the Mayor.

It is understood that if an amicable settlement by arbitration cannot be reached tomorrow, the Board shall be notified. Upon such information the members will offer their services to the parties in conflict, and will endeavor to smooth out the trouble. If either of the parties, the strikers or the company refuse to arbitrate, the Board will proceed with an investigation, as it has power to do under the law, compel a hearing and make a report to the Governor.

The Business Men's Committee at their

meeting this evening succeeded in clarifying the situation greatly. It was agreed to recommend to the company and the strikers that a committee of three men who are large employers of labor in the and hear the company's evidence as to why twenty-seven men were discharged prior to and soon after the formation of he union. The company claims that it was because of incompetency. If the committee of three is agreed upon, it will be left to it to decide how many of the discharged men shall be reinstated. As to the other demand made by the men, that their union be recognized, there is now no doubt that the company will agree to it. It could not be learned at the company's offices what reply would be made to the business men. If the business men are not around their victim.

J. G. Cleveland.

Mobile, Aug. 7.—(Special.)—A special to The Register from Coden brings news of the killing about a mile from Delchamps on the Mobile and Bay Shore Railroad of a negro named William Ellis by J. G. Cleveland. The killing was done with buckshot from a double barreled gun. Cleveland met the negro in the road and asked him if he had threatened to kill him. Ellis said "yes," at the same time drawing a revolver and snapping it at Cleveland. The pistol failed to fire, when Cleveland reached down in his buggy and get his gun and killed the negro, the first load of buckshot breaking his neck.

Chattanooga, Tenn., Aug. 7.—Those interested in the new Valley Iron Company, which was recently projected with a capital stock of \$1,000,000 in Irontón. O., for the purpose of developing the iron interests of this section have been in the city for several days. They held a meeting today at Sulphur Springs, Ga., where they perfected an organization and looked over the property at Valley Head.

Some of the gentlemen who are interested in the enterprise were formerly of the Tennesse Coal, Iron and Railroad Company. They are James Bowron of Baltimore, Paschal Shook, G. B. McCormack, Erskine Ramsey, Nat Baxter, James L. Gaines of Nashille, and George W. Nixon of this city and others. The property just purchased lies along the line of the Alabama Great Southern Railroad from Valley Head to Sulphur Springs, Ga., An iron and steel plant is to be located in the central portion of the mineral district near Nixon Station. Two large fron furnaces and one or two steel milis will be erected at this point at an expenditure of \$1,000,000. It will take probably about one year to complete the plant. In the meantime, however, the iron ore and coal mines will be opened and run simultaneously. A coking plant will also will take probably about one year to complete the plant. Nashville, Tenn., Aug. 7.—A special to The Banner says:
There was a double killing in Jackson County this morning as the result of a feud between the Carter and Lynch families.
It appears that there was a chance meeting at a country store of Erooks Carter and his brother, John, Jim Highpech and Boyd and Leslie Lynch. There were several others present and the talk drifted to the election when a dispute arose between the Carter and Lynch partisans. Brooks Carter was seen to reach for his pistol and a general fight ensued, in which guns and pistols were brought into action.

As a result of the fight Brooks Carter and Highpech were instantly killed and a by-stander named Richmond was shot through the wrist.

John Carter is supposed to have been seriously wounded and ran off after the shooting

# Palpitation,

fluttering or irregular pulsations are an indication of weakness of the nerves or muscles of the heart. A weakness long continued produces deformity and organic disease. If your heart action is weak, make it strong. Build up the muscles and strengthen the nerves with the greatest of all heart remedies, Dr. Miles' Heart Cure.

"The least exertion or excitement caused my heart to throb and pound and I had smothering spells, pain and palpitation. Three bottles of Dr. Miles' Heart Cure overcame all these disturbances and made me well." Mrs. J. A. Couts, Upper Sandusky, Ohio.

Heart Cure quiets the nervous heart, regulates its pulsations and builds up its strength as nothing else
